

I. Hospitality Policy

It is the policy of California State University, Fullerton (CSUF) that hospitality expenses may be paid to the extent that such expenditures are necessary, appropriate to the occasion, reasonable in amount, and serve a purpose consistent with the mission and fiduciary responsibilities of CSUF. This policy applies to activities promoting the university to the public and providing hospitality in connection with official CSUF business and specifies the state and auxiliary funds that may be used for such purposes.

CSUF is committed to promoting an inclusive, transformational, just, and equitable educational experience for all members of the Titan community. Social justice financial service policy requires that we encourage and promote hospitality activities and events for individuals to have the opportunity to access and participate in events that affect their learning experience with a primary focus and centering of our efforts to support the well-being of CSUF staff, students, guests and other members of the Titan family that experience marginalization, systemic racism, or any form of discrimination.

II. Procedure

A. Purpose

This policy governs the manner and extent to which CSUF and its auxiliaries may provide hospitality to employees, students, donors, guests, visitors, volunteers, and other individuals as part of a business meeting, recreational, sporting, or entertainment event, or other occasion that promotes the mission of the university. Each of the university's entities is responsible for ensuring compliance with these requirements.

The CSUF CFO has the authority to delegate the approval of hospitality expenditures to the Vice President (Division Head) in the areas of responsibility identified below. A Division Head may assign additional designees (Approving Authorities) by submitting the Finance DOA Access Request Form through the Adobe Experience Manager (AEM) Form system. No further sub-delegations can be made, and delegations cannot be made below the division head level for exceptions.

E. Allowable Expenses

Hospitality expenses must be directly related to, or associated with, the active conduct of official CSUF business. When an employee acts as an official host, the occasion must, in the best judgment of the Approving Authority, serve a clear CSUF business purpose, with no personal benefit derived by the Official Host or other employees. In addition, expenditures for hospitality should be cost-effective and under the best use of university funds.

When determining whether a hospitality expense is appropriate, the Approving Authority must evaluate the following:

- 1) Importance of the event in terms of the costs that will be incurred
- 2) The benefits to be derived from such an expense
- 3) The availability of funds
- 4) Any alternatives that would be equally effective in accomplishing the desired objectives.

Provisions of hospitality are permitted under this policy, which may include but is not limited to:

- 1) Hosts or sponsors business meetings that directly correlate with the operations of CSUF
- 2) Host official guests with an interest in CSUF
- 3) Host or sponsor of a meeting of a learned society or professional organization
- 4) Host receptions held in connection with conferences, meetings of a learned society or professional organization, meetings of student organizations and groups, student events such as commencement exercises, and events or meetings of other related groups such as alumni associations
- 5) Hosts or participates in community relations or fundraising events to promote the university, enhance partnerships, recognize distinguished service, or cultivate donors.
- 6) Hosts receptions for the benefit of employee morale, employee recognition, and official presentations for length or exceptional contributions of service awards, with at least five (5) years of service.

When determining whether a hospitality expense is reasonable and appropriate and to minimize hospitality costs, departments should consider adopting the following best practices:

- 1) Plan the hospitality event in advance (i.e., 30 days before an event)
- 2) Obtain pre-approval of all hospitality expenses
- 3) Establish a budget
- 4) Obtain several quotes prior to incurring the expense
- 5) Utilize preferred CSUF vendors

1. Entertainment Services

For purposes of this policy, entertainment services are reasonable expenditures incurred in connection with events or activities primarily social or recreational, such as equipment and venue rental, décor, music, and performers. Service expenditures related to showcasing the talent of students or employees

and do not involve hospitality are considered regular business expenses and are not governed by this policy.

2. Recreational, Sporting, and Entertainment Events/Activities

University funds may be used to pay a fee for employees and official guests to attend, enter, or participate in a recognized university recreational, sporting, or entertainment event/activity.

Non-university recreational, sporting, or entertainment events/activities should be evaluated for their importance in terms of the costs that will be incurred, the benefits to be derived from such an expense, the availability of funds, and any alternatives that would be equally effective in accomplishing the desired objectives. Additionally, the Division Head must pre-approve the use of university funds on non-university events/activities.

All expenses for recreational, sporting, and entertainment events/activities must be directly related to the conduct of university business. Event/activity expenses that constitute a “private or personal purpose” are prohibited. The payment record should include an invitation, flyer, or similar documentation.

Events under this category should be approved by the Division Head or President.

3. Food and Beverage

Food and beverages include but are not limited to meals (voucher, catered, or restaurant) and light refreshments (beverages, hors d'oeuvres, pastries, and cookies.) Food and beverages provided to employees and official guests may be permitted if the expenses occur infrequently, are reasonable, and when they serve a CSUF business purpose. Food and beverages at meetings or events that are carried out on a routine or frequent basis are not permitted. Additionally, expenditures that are driven by personal motives are an impermissible use of university funds.

This policy establishes that CSUF will do the following:

- a) Identify authorization and need for the food and beverage
- b) Document the meeting or event-specific requirements
- c) Provide itemized receipts or invoices
- d) Establish a maximum per-person rate(s) for breakfast, lunch, dinner, and light refreshments (the maximum should be inclusive of the total cost of food, beverages, labor, sales tax, delivery fees, or other service fees.)
- e) Periodically review and document the maximum per-person rates.

When determining whether a hospitality expense is appropriate, the Department Head or their designee must evaluate the importance of the event in terms of the costs that will be incurred, the benefits to be derived from such an expense, the availability of funds, and any alternatives that would be equally effective in accomplishing the desired objectives.

Providing hospitality meals to official guests while on travel status (e.g., donor lunch/dinner) must be annotated and per diem adjusted.

Meals or light refreshments provided to employees may be permitted if the expenses:

- a) Occurs infrequently (e.g., 12 times or less per fiscal year) per team, group, or committee
- b) Is reasonable (maximum per-person rate does not exceed the allowable rates) and

- c) Has a bona fide business purpose

When meals are involved, they must be an essential part of the business meeting and not a matter of personal convenience. For example, should a working lunch be included as part of a scheduled meeting, the meeting should take place over an extended period, and the agenda should consist of a working meal to satisfy the requirement that the meal is part of a business function. In determining what is essential and reasonable for an extended period, one of the following must be met:

- a) The meeting time is more than three (3) hours, and participants are required to work through the meal period.
- b) The majority of attendees are on travel status, and it is more cost-effective to provide a meal. Documentation must be included to explain this.

Maximum Food & Beverage Rates	
Description	Per-Person
Breakfast	\$45.00
Lunch	\$60.00
Dinner	\$110.00
Light Refreshments	\$45.00

Division Heads must pre-approve limited exceptions to the maximum per-person rate with documented justification outside these events. Under no circumstances shall an individual approve their own exception to the maximum per-person rate. Additionally, approval of such meetings or events may not be further delegated. President's expenditures will be approved by the Vice President for Administration and Finance/Chief Financial Officer (CFO).

4. Spouses, Domestic Partners, and Significant Others

Event attendance of a high-level official's spouse, domestic partner, or significant other might be permissible if their present service is for legitimate CSUF business purposes and has a substantial role in the proceedings. Should a spouse or registered domestic partner have no significant role or perform only incidental duties of a social or clerical nature, attendance does not constitute a bona fide business purpose. Such expenses are taxable to the employee and may not be reimbursed or paid under this policy.

Allowable CSUF business purposes include but are not limited to:

- a) Ceremonial functions
- b) Fundraising events
- c) Alumni gatherings
- d) Certain Athletic functions
- e) Community events

The payment record should include an agenda, invitation, or similar documentation substantiating the significance of the role. AO funds must be used for all spouses, domestic partners, or significant other reimbursement costs or payments. Such expenses should be approved by the division head, if a personal benefit exists, expenses can be approved by the President.

5. Students and Prospective Students

Hospitality provided to students or prospective students may be permitted when it serves a CSUF business purpose. To justify the expenditures, a department must determine that the expenditure is consistent with the mission of CSUF.

Permissible students or prospective student activities include but are not limited to:

- a) Recruitment efforts
- b) Student activities
- c) Student programs
- d) Student organization events
- e) Student recognition events
- f) Commencements

Students may be hosted to attend fundraising and other community relations events that enhance their learning experience, in recognition of their student achievement, to engage with alums and donors, or as representatives of elected student leadership. Hospitality provided to student-athletes and recruits must be in accordance with the rules, regulations, guidelines, standards, and procedures of the intercollegiate athletic association's national governing board (e.g., National Collegiate Athletic Association (NCAA)). In addition, to comply with hospitality rules and regulations stipulated by the NCAA, hospitality provided to student-athletes and their families must abide by the requirements outlined by this hospitality policy. When there are questions about Athletics Department expenditures or a need for further interpretation and clarification of the hospitality requirements, the final determination will be guided by this hospitality policy and the pre-approval of the Accounts Payable and Travel Department. Hospitality provided to students may need to be reported to the financial aid office, departments should check with financial aid about any reporting they must do to financial aid.

6. Awards/Prizes and Service Recognition

CSUF has established an award program to the extent that such expenses serve a purpose consistent with the mission and fiduciary responsibilities of CSUF and align with IRS regulations. Awards and prizes to employees for exceptional contributions, students for excellence, and individuals to participate in research-funded surveys or studies, as well as employee recognition and official presentations for the length of service awards, with at least five (5) years of service are examples of a bona fide business purpose.

Cash prizes and cash equivalent prize items, such as gift cards and gift certificates, must be expensed to AO funds. However, regardless of the amount of cash and cash equivalent items, they are always taxable to the employee as wages. (Reference IRS gifts or bequests <https://www.irs.gov/charities-non-profits/private-foundations/gifts-or-bequests-of-business-holdings>). Additionally, the issuing department must inform financial aid of any student recipients for any cash or cash equivalent prize or award. A non-cash award or prize, including opportunity drawing items, may have a taxable consequence to the employee if it does not meet the IRS definition of de minimis (\$100) and is infrequent. Refer to the IRS for tax rules in the resources and materials section.

Awards and prizes of any type must be tracked by the issuing department, including contact information, type of prize/award, amount (fair market value), funding source, and relationship to university (student, employee, Aux employee, etc.).

- a) Outstanding Faculty Member of the College
- b) Outstanding Staff Member from Titan Excellence

- c) Outstanding Student
- d) Outstanding Research Publications
- e) University Awards Program

Per-Person Award and Prize Limits:

If an award or prize exceeds \$100 (e.g., awards provided to a department, college, or division for research or excellence), the Division Head must approve the award or prize amount. Approval may not be further delegated.
- b) Faculty/Staff Length of Service Award Limit: The value of a faculty/staff length of service award, part of CSUF's annual faculty and staff recognition events, may not exceed \$400. The Length of Service award is awarded every five years. The CSUF Human Resources, Diversity & Inclusion (HRDI) will determine and calculate the Length of Service awards.
- c) Retirement Awards/Tangible Personal Property and Recognition Gathering: The value of a retirement award/tangible personal property or recognition gathering on campus may not exceed \$400 in value. When warranted by the length of service (five (5) years or more), position, and achievements of the individual retiring, the value of the award/tangible personal property may be greater. The Division Head may approve a retirement award/tangible personal property or recognition gathering on campus, not exceeding \$1,600. Approval may not be further delegated. Years of service, eligibility for the retirement award, and official retirement status should be calculated by HRDI.

All awards and prizes will require a listing of the award/prize recipients, a description of eligibility, selection criteria, and the advertised amount as supporting documentation. Each award/prize recipient must complete the Prize or Award for Employee Form or Prize or the Award for Non-Employee Form. Any cash or equivalent provided to a student must be reported to the financial aid office; the issuing department is responsible for informing the financial aid office of any such prizes or awards.

7. Morale and Team-Building

Employee morale-building and appreciation activities are limited to twice a fiscal year and must serve an official business purpose. Such activities may include but are not limited to:

8. Gifts

Gifts are items of value given or bestowed upon an individual, group, or entity with the expectation of a benefit accruing to the university, including donor and volunteer recognition. Gifts may include get well or memorial floral or other arrangements made on behalf of the university in the event of a severe illness, injury, or death of a university employee; an individual external to the university who had a close educational, community, business, or philanthropic relationship with the university; a student; or death of a member of an employee's immediate family. The Division Head must pre-approve gifts, floral, or other arrangements of more than \$75. Approval may not be further delegated, and in no instance may the gift, floral, or other arrangement exceed \$125. Only AO funds may be used for gifts.

Gifts of any type must be tracked by the issuing department, including contact information, type of prize/award, amount (fair market value), funding source, and relationship to university (student, employee, Aux employee, etc.).

9. Fundraising Events

All University fundraising efforts must be coordinated through the University Advancement. When university resources are used in fundraising efforts to secure gifts and other contributions for the Cal State Fullerton Philanthropic Foundation, those efforts are recognized as providing either tangible or intangible value that ultimately strengthens the overall benefit of the university and its educational mission even though the activity might reside in an AO or enterprise program/activity/fund. The exchange of value resulting from the beneficial investment opportunities afforded to the AO will ultimately benefit the university, mitigating the need for direct or indirect cost recovery for such services.

Supporting documentation should include individual names, affiliations, and a justification of direct or indirect benefits to the university derived from the expense. Hospitality expenses that may fall under this category must abide by the dollar or per-person limits within this policy. The Hospitality Request form requires the Vice President of University Advancement or their designee to approve or counter-approve all expenses within this category.

10. Promotional Materials

Promotional materials are items of nominal value that bear the university logo or other university symbol and are distributed to promote the name or image of the university, provide information, or enhance university productivity.

Memberships in business leagues, chambers of commerce, trade associations, and professional organizations are considered regular business expenses and are not governed by this policy. Only AO funds may be used for membership in social organizations.

F. Unallowed Expenses

1. Personal Benefit

Hospitality expenses that are personal and unrelated to the active conduct of official CSUF business will not be paid or reimbursed. The California gift of public funds doctrine set forth in the California Constitution, article XVI § 6, prohibits the giving or lending of public (state) funds to any person or entity, public or private, unless there is a public purpose. When determining whether a hospitality expense is appropriate and does not provide a personal benefit, the Division Head must evaluate the importance of the event in terms of the costs that will be incurred, the benefits to be derived from such an expense, the availability of funds, and any alternatives that would be equally effective in accomplishing the desired objectives.
